

KNOW YOUR BALLOT

Vote NO on Amend. 78

This would transfer the power to appropriate custodial funds from the state treasurer to the legislature. We elect our Treasurer for a reason. **Transferring this power to the state legislature will only make processing things like grants and emergency relief funds more time consuming, difficult, and partisan.**

Vote NO on Prop. 120

This tax cut isn't what it seems. It would permanently cut taxes for multi-family residential property owners and commercial lodging property owners (i.e. for landlords and developers) at the expense of local government funding for schools, libraries, parks, and more. **Basically it helps landlords and developers and hurts our communities.**

Vote YES on Referred Question 2B

This ballot measure would issue a much-needed \$38.6 million in bonds to support Denver's Housing and Sheltering system. **This is a win-win-win.** NO projected tax increase. It would CREATE about 457 new jobs and accelerate the economic recovery from the pandemic. And it would HELP ADDRESS the homelessness crisis in Denver

Vote NO on Prop. 119

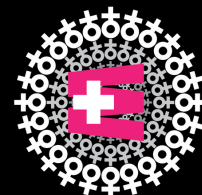

This would create an out-of-school education program, paid for in part through an increased tax on marijuana. **Instead of increasing investment in public education, this would direct public funds to an independent agency -- one that is independent from the Department of Education, the state Board of Education, and the Commissioner of education.** It is essentially a voucher program and opens the door to funneling taxpayer money to private, discriminatory programs.

Vote NO on Initiated Ordinance 303

Denver already criminalizes homelessness. This ballot measure would create a vigilante-like, private enforcement mechanism for the camping ban. It would allow anyone to file a complaint with the city, and then empower them to sue the city if it doesn't act within 72 hours -- without exception. **Police sweeps of homeless encampments are stigmatizing, temporary, brutal, and do not reduce homelessness.** This puts severe financial pressure on Denver to conduct more sweeps (perhaps illegally) without doing anything about the root causes of housing insecurity in our city.
